

FINAL ADJUSTMENTS Test Title

FINAL ADJUSTMENTS Test Subtitle

This test validates the final adjustments:

- Logo moved left 0.25" in TOC and Standard footers
- Heading 2: Italics removed and font size increased
- Heading 3: Italics removed
- All previous positioning adjustments maintained

Chapter 2: Logo Positioning	5
Chapter 3: Heading Styles	12
Chapter 4: Complete Testing	20

Chapter 1: Final Adjustments Complete

1.1 Heading 2 Test (Non-Italic, Larger Font)

This paragraph tests that Heading 2 styles are no longer italic and have increased font size. The logo in the footer should be moved left 0.25 inches from the margin.

1.1.1 Heading 3 Test (Non-Italic)

This paragraph tests that Heading 3 styles are no longer italic. All heading styles should now use Helvetica-Bold (non-italic) font.

1.1.1.1 Heading 4 Test

This paragraph validates that all heading levels maintain consistent non-italic styling with proper font sizes.

Chapter 2: Logo Position Validation

2.1 Footer Logo Testing

The footer logo should now be positioned 0.25 inches to the left of the left margin. This creates better visual spacing and alignment with the overall layout design.
